**BIDDY BALL BREAK** - This program is designed for children ages **3 to 9**. Basketball is a game for children of all ages. Even the youngest child can begin to learn the aspects of the game. **Biddy Basketball** is special training designed for young children, to learn the game in a small group setting. It will also allow your child to incorporate physical exercise into his/her routine. **Next Level** will provide a fun break from your child's routine and focus on health and fitness, discipline and goals. **Biddy Basketball, lead by Walsh Jordan, a former professional basketball player of ten years desires to instill in our children valuable skills and lessons which will stay with them for life.** The size of the balls, the height of the goals and the distance from the hoops are modified to permit the children to develop their skills and learn the fundamentals of the total game. These simple, but significant modifications permit the children to develop their skills and learn the fundamentals of the total game - offense, defense, dribbling, rebounding, passing, and shooting. The **Biddy Basketball** system provides an excellent feeder program; it prepares and teaches the skills necessary to compete at that higher level. Training is available at daycare centers, preschools, or other group childcare settings. **Skills Training is available for athletes 10 yrs. old and up as well, please call for more details.**

#### Training will focus on:

- Basic fundamentals of basketball
- Shooting
- Ball Handling
- Passing

#### Fees:

- Payment is required for four sessions per month.
- A minimum of 10 children at your childcare provider must sign up for the program.
